

A Note about the Notes
from Van Johnson

Home group notes:

We have included notes for each home group session even though we only copied and distributed one of them when we ran the series in Toronto.

We gave out notes to participants for the session on Spirit as Gift-giver (Gifts of the Spirit), because we thought it helpful for everyone to have descriptions for the gifts as we discussed them.

Use notes or not, as you see fit.

Even if you don't give them out, they might help the home group leader to know in advance what is coming, and it is helpful for the pastor to know what is being taught.

Sermon notes:

Each preacher in this series did up their own set of notes. Main points all included, but not all of the illustrations and side comments.
