

Global Focus

How we partner

Our purpose:

At OneChurch.to we exist to Know God, Love People, and Impact Our City. Our Global Focus direction is to reach lost people wherever they are with the gospel. For this reason, we have a bias towards supporting partners involved with the following priorities.

Our priorities:

- **Evangelism (Know God):** reaching the unreached; people groups within a country where there is little to no presence of Christianity
- **Church planting (Know God):** working alongside the local church to reach people far from God
- **Compassion/Justice (Love People):** providing unique opportunities for care to people in need; working alongside local organizations to help eradicate injustices.
- **Community development (Impact the City):** provide unique opportunities for marginalized groups who do not have access to sustainable programs that lead to holistic health

We are committed to:

- National leadership development, with the intention is to support those who are preparing for the national leaders to give direction to the ministry of the church in their own country.
- Working with national leaders who deploy their own people in the work of global focus.
- Canadian workers who have succession plans where national leadership can evolve overtime and establish connections with support churches like OneChurch.to.
- The whole person (i.e. spiritual, emotional, physical) and look to support those with a holistic ministry. OneChurch.to desires to address the spiritual, emotional and physical needs.
- Global workers who are reaching people far from God. There is a priority in supporting those who are reaching lost people groups, large cities, and restricted access nations.
- Workers based in Canada who are fully approved and have appropriate credentials with the PAOC or a recognized mission organization (working and living in Canada).
- Work with The Pentecostal Assemblies of Canada (PAOC), through its International Missions department, to help identify where support is most needed to achieve its global focus objectives.
- Diligence in the distribution of support. We ask our supported global workers for clear goals and objectives on a yearly basis; with a willingness to share meaningful stories of change.

We partner with projects that:

- Support the purpose and priorities of OneChurch.to
- Have clear goals that are financially responsible, sustainable, and strategic to the applicant's ministry objectives
- Are in partnership with the (i) PAOC (ii) PAOC affiliate organization (iii) Non-PAOC organization that has recognized credentials
- Have the opportunity (only when possible) to host short term teams that can help to support completing the specified project
